

IR - Industrial Chemicals, Basic Organic Compounds - Wiley

Spectra - 1,000

Description

This infrared spectral collection contains 1,000 spectra of common organic compounds. All spectra were selected from the IR - Industrial Chemicals, Pure Organic Compounds - Wiley collection and are quality checked.

Additional Information

In addition to the molecular structure, the following information is supplied when available: chemical name, purity, melting point, boiling point, density, molecular formula, molecular weight, CAS Registry number, measurement conditions, resolution, and comments.
